## REMINDERS AND RESOURCES

Miss candidates and directors,

One last reminder as we approach our first BIG deadline - Wednesday, April 1! See below for upcoming deadlines and resources. Looking forward to having our Miss Texas family back together again. Stay safe. Stay healthy. STAY HOME!

- Jan Mitchell

### Official Headshot

Headshots are hitting the Miss Texas website this Wednesday, April 1! If you do not have your official photo due to COVID-19 delays, please reach out. However - we do need a photo for the website to post Wednesday even if it isn't the "official" photo.

### Paperwork

There may be a few items which may be delayed due to the virus (transcripts as an example), but the majority of paperwork should not be impacted. Items indicated below are still due at the dates as originally planned.

### Social Media

We are SO impressed by what an awesome example you are setting on social media and people are looking to you now more than ever as role models. Keep doing what you are doing and proving that you will not let the circumstances slow you down! This is a crazy time but we are loving your energy!

### Competition Magazine

This is an unprecedented time we are living in and yet we are seeing an incredible amount of activity around the competition magazine. You are finding creative ways to highlight businesses and fundraise in ways we haven't seen before! Businesses need you now more than ever so continue thinking of how you can promote their products/services digitally in a strong partnership so that they make it through the economic challenges. Think outside of traditional business opportunities too - we often see the most movement and impact from multiple, small personal page donations. It has been especially fun to see everyone using tips shared from other candidates and parents during Winter Workshop. We're all in this together and Texas is setting the standard for everyone else!

## DUE UPON CROWNING
