

## Miss Texas Scholarship Organization Mentoring Program

The Lone Star Princess Program is the mentoring program of the Miss Texas Scholarship Competition that is a non-profit organization that awards scholarships to outstanding young women to help advance them academically and professionally.

The Princess program is for young ladies age five (5) to twelve (12) and the goal of the program is to be mentored by a local titleholder. Also during the Miss Texas and Outstanding Competition week they will enjoy events, production and confidence-building activities. Each princess will see first hand the intelligent young women as they communicate, perform, interact with others, and exhibit strength, character, poise and grace under pressure.

Also during this fun-filled week of activities there are rehearsals and, best of all, they get to accompany their titleholder on-stage and get to perform in a production number. This special week will give them memories that will last a lifetime!

The cost of the program is \$495 for 1<sup>st</sup> year princesses and for returning princesses the cost is \$395. Would you like to help sponsor the registration fee for a princess, or perhaps even a portion of it?

If so, please go to the Miss Texas website and click on the Support button. [www.misstexas.org](http://www.misstexas.org).

Thanks for your support!
